Re: Cabarrus County – 100% Workforce Travel Restriction **Exemption**

To Whom It May Concern:

Premier Home Health Care Services, Inc. (“Premier”) provides home health care services to the elderly, ill, disabled and other vulnerable individuals. As such, Premier is defined as an “essential business” by Cabarrus County and is exempt from travel and work restrictions. Additionally, Premier employs over 250 essential health care employees in the region.

Accordingly, the employee presenting this letter should be permitted to leave their residence for work to provide “essential home health care services” and we respectfully request that any and all law enforcement agencies exempt this person from travel restrictions.
