To Whom It May Concern:

At Home, Ltd. (“**At Home**”) provides home health care services to the elderly, ill, disabled and other vulnerable individuals. As such, At Home is defined as an “essential business” by New York State and is exempt from travel and work restrictions. Additionally, At Home employs over 250 essential health care employees in the Rockland County region.

The employee presenting this letter is an administrative employee of At Home and is responsible for payroll and accounting functions, which are also deemed as “essential services for health care”, to assure payment of these workers and as such is permitted to travel to perform such duties under the Governor’s Executive Order.
