Re: New Jersey – Stay-at-Home Order (“The Order”)

To Whom It May Concern:

Premier Home Health Care Services, Inc. (“Premier”) provide home health care services to the elderly, ill, disabled and other vulnerable individuals. As such, Premier is defined as an “essential business” by the State of New Jersey and is exempt from travel and work restrictions.

The employee presenting this letter is an administrative employee of Premier and is responsible for payroll and accounting functions, which are also deemed as “essential services for health care”, to assure payment of these workers and as such is permitted to travel to perform such duties under the Governor’s Executive Order.

If you have any questions please feel free to contact Marcos Maltez, VP of Operations at 212-284-7793.
